

'New Look' Sewage Board In Initial Session Monday

Councilman Del Wilson, who took over chairmanship of the North San Mateo County Sanitation district last week on resignation of Supervisor Thomas Callan, said today that there will be no major changes in district policy "at present" but revealed that another sewage treatment plant might be needed if the 975-acre Christen Ranch annex were effected.

Wilson said he predicted no change in the \$25 per lot annexation fee adopted last year, but said further study would be necessary to determine if this figure was "equitable." In the controversial McKeon transmission line debate, the council majority held this fee was more than adequate.

Wilson also said he would work for dissolution of the sanitation district if Broadmoor is annexed, to avoid "duplication."

The new chairman said as far as he could see now, there would be no changes in paid district personnel.

Other points Wilson said he would pursue in his new post included:

1. Seek a clause in the annexation agreement with McKeon to (Continued on Page 2)

Official: Vickers Is Fired

In a 4-0 vote, city councilmen Monday night formally removed Councilman Sanford Vickers from the North San Mateo County Sanitation district board for "delaying" annexation of the McKeon subdivision.

Following through on an ultimatum given Vickers two weeks ago to "conform to council policy," Councilman Paul Hupf moved that a resolution be adopted vacating Vickers position on the sanitation board. Mayor Joseph Verducci seconded the motion.

Before roll call was taken Vickers angrily left the chambers, telling the council, "I'll accept your challenge. If you want any more facts, go to the sanitation district."

The Town Record

By MONTE DAYTON

A ponderous question was pondered by the Jeff High District board of trustees Monday.

The paradox was this: Jefferson High, with an enrollment of 1191, consumes 1600 pint cartons of milk per diem at the school. Westmoor High, with 830 students, drinks only 374 pints on campus.

The board could come to no definite conclusion about these statistics.

Speaking of statistics, PAUL WARD of THE RECORD is about to become one.

ASK CITIZEN AID IN GAINING DUMP SITE

Two separate actions towards continuing the fight for use of the Bernardi ranch site as a fill and cover garbage dump have been announced.

The Coastside Scavenger company will re-submit its application to the county planning commission, while the Daly City Scavengers will appeal to the county board of supervisors.

Original application by both companies was turned down last Wednesday by county planners after strong protest by North Coastside organizations and residents.

In order to counteract the pressure by North Coastside, an all-out drive to gain signatures from residents served by the Daly City Scavenger company will be started this weekend, according to Conrad Reisch, attorney for the scavengers.

"Daly City, Colma and unincorporated Colma residents must be made aware of the imminence of the problem," Reisch declared. He explained that the scavengers will be without a garbage dump in a few months because of scheduled building on St. Francis Heights, McKeon site where the scavengers are now dumping.

"Every effort to find a fill and cover site has been thwarted. Last Thursday the planners considered petitions rather than objective planning problems," he insisted.

Okay To Plan For That Extra Hour Of Sleep; Daylight Savings Ends

Citizens can look forward to an extra hour of sleep this weekend with the official close of Daylight Savings Time on Sunday, September 30.

If inconvenient to stay up until midnight to set clocks an hour back, officials have given the okay to reset clocks before retiring Saturday night.

\$400 Loss Puzzles Liquor Partners

Owners of Vince and Fred's Liquor's, 6278 Mission street, remained puzzled this week after a thief walked off with four \$100 bills from the store sometime between Friday night and Saturday afternoon.

Co-owner Fred Federighi discovered the money missing Saturday afternoon when he checked a cigar box in a wooden cabinet at the rear of the store. More than \$700 in five and ten dollar bills was left in the box, Federighi reported.

His partner, Vince Merlo, said he put the four \$100 bills in the cigar box Friday night and they were still there when he made a final check at 11 o'clock.

There was no evidence that the store had been broken into, according to the police report.

COPS SEARCH DC FOR SUSPECTS IN CROSS BURNING

Police today were concentrating their search in Daly City for possible suspects in Wednesday night's cross burning in front of a Negro family's home.

The cross was set aflame at the residence of Herman Browne, 35, of 56 San Diego avenue, San Francisco, a half block from Daly City limits.

As the Klu Klux Klan type symbol blazed, a rock was tossed through the dining room window of the Browne home. Around the rock was the cover of a comic book called "Jungle Kids" and written on the cover were the words "Get out of Daly City."

Browne, father of three children, owns his own home where he has lived for four years. Most of his neighbors are Caucasian.

This same opinion was voiced by Reisch at Monday night's Daly City council meeting at which time councilmen pledged their aid towards solving the acute problem.

Meanwhile, on the coastside Attorney Raymond Levy said today that the Coastside firm will re-submit its application to the planning commission. He stressed, however, that his clients would gladly consider other sites suggested by the Linda Mar Home-owners association group.

Levy declared that continued use of the Pittu dump, where the Coastside Scavengers are now operating, would "not be in the best interests of the community." The attorney based his statement on the short life of the Pittu dump.

Mayor, Kirchhubel Tangle Over Firing Of Cop Commission

George Kirchhubel, constant critic of the city council, charged Monday night that the city police and fire commissions were illegally fired in 1955 and that the case of fired police inspector Dave Johnstone Jr. should have been heard by the police commission.

Renewing a heated argument with Mayor Joseph Verducci that began two weeks ago, the local tavern owner charged that the two commissions were ousted before the ordinance eliminating the two bodies went into effect.

"What are you trying to prove?" Verducci asked in an irate voice. "I said you fired the commissions illegally, and you said you didn't," retorted Kirchhubel. The mayor asked City Attorney Frank Blum to report whether the commissions had been dismissed illegally.

Kirchhubel countered that on May 9, 1955, the resolution was passed to fire the commissions, but that it didn't take effect until June 8, 1955. "So I maintain," he said, "that the Johnstone hearing should have been before the police commission."

Johnstone was fired from his post on May 23, 1955, after being charged with "associating with a known gambler."

Blum snapped, "That's completely false." "The Johnstone issue is not closed," answered Kirchhubel angrily.

Verducci then gavelled Kirchhubel, "out of order."

The tavern owner stormed out of the chambers, muttering, "O.K., big Joe Verducci."

FIREWORKS FIZZLE ON PARKING FUND

Expected fireworks over Councilman Sanford Vickers proposal to establish an off-street parking fund fizzled Monday night, as Vickers asked that the matter be held over for consideration at the 1957-58 budget hearings.

Last week Vickers had asked that the matter come to an immediate vote. He proposed that all parking meter revenue should be channeled to an off-street parking fund, instead of going into the general fund.

In asking for further study, Vickers said he "wouldn't like to see the plan jeopardized at this time."

At last week's study session Vickers proposal met opposition from Councilmen Paul Hupf and Michael De Bernardi.

Reject Insurance Bids

City councilmen Monday night rejected bids for city insurance and scheduled them for opening two weeks later, October 8.

City Manager Howard Stites said he thought the action would result in a better price at the later date.

Vista Del Mar Construction Still Uncertain

Construction of the Vista Del Mar school on Southgate avenue still remained indefinite this week after Jefferson elementary trustees Wednesday night ordered new estimates from soil engineers before opening bids for the project.

Don Smith, state department of finance representative, advised trustees Wednesday to proceed as soon as possible with construction of the new school. He suggested that slope stabilization on the site, the delaying issue, could be handled after the building is erected. Architect Mario Ciampi disputed this proposal, saying that cost estimates for the job first would have to be ascertained.

The trustees were to re-open bids for slope stabilization today after rejecting the lone bid of \$50,372 submitted by Charles L. Harney two weeks ago. The new stabilization contract will be let on an equipment-rental, cost plus basis, which trustees hope will be much lower than the "extreme" \$50,372 quotation.

Erosion Trouble

The eight-acre Vista Del Mar site was purchased by the district in 1953 for \$81,506. Continued soil erosion problems since then in the area have hindered construction of the school. The district currently is involved in a \$25,000 damage suit filed by a homeowner at 932 Bradley drive whose residence was left standing only a foot away (Continued on Page 2)

Police Sergeant Hospitalized With Unknown Disease

Blood specialists were attempting this week to diagnose an illness which has hospitalized Police Sergeant August C. Benassini since Sunday night.

Benassini, 52, 127 Werner avenue, was rushed to Mary's Help hospital after he began bleeding from the gum between two molars Sunday morning, relatives reported. Doctors were unable to stop the flow of blood until early Tuesday morning.

The 13-year-veteran of the police force was transferred later the same day to Children's hospital where physicians began tests in an attempt to diagnose the illness.

Relatives said that the sergeant, who also holds the rank of battalion chief in the Daly City fire department, had been under a doctor's care for treatment of high blood pressure and anemia.

Request that police and firemen give blood for Benassini has resulted in sufficient donations at this time, Police Chief Roland Petrocchi said today. An announcement will be made if found that more blood is needed.

Chamber President Smith Urges Meter Fund For Parking

Hugh Smith Jr., newly-elected president of the Daly City Chamber of Commerce, said Monday night that the city council had a "moral obligation" to rescind the ordinance governing expenditure of parking meter revenue.

Smith said that \$80,000 had been collected from the meters in the past five years but none of it had been spent for off-street parking.

The Chamber official pointed to the fact that the original meter ordinance passed five years ago called for establishment of an off-street parking fund. This ordinance was rescinded a few months later, routing the meter funds to the general fund.

Smith told councilmen, "You ought to place yourselves on record to show your moral integrity."

Daly City Workers Quit Association, Join County Union

Daly City's municipal employees, perturbed because they feel their wages are the lowest on the Peninsula, Friday night voted to join the American Federation of State, County and Municipal Employees International Union.

Their decision to withdraw from the City Civil Service Association was made by a 44-9 vote. Charles B. Munday, new president of the group, backed the move by saying, "It is the almost unanimous opinion of all city employees that the effort of the association to seek improvements in matters affecting employees has proved to be fruitless."

Commenting on the action, Harry Crocker, representative of the San Mateo County Employees Union, said city employees are unhappy because they have not made progress before the city council and because their recent wage increase amounted to only 35 cents a month.

Munday declared that under provisions of the international constitution strikes are not permitted and that Daly City employees will be represented by officers of the Peninsula Public (Continued on Page 2)

DC YOUTH ENTERS SAN QUENTIN ON AUTO THEFT COUNT

A 20-year-old Daly City youth entered San Quentin this week following conviction on a stolen car charge.

Broadmoor Police Chief Ray Savage reported that the California Youth Authority had refused jurisdiction as originally recommended by the court.

The youth, Richard Van Meter, 198 Bismark street, was arrested July 21 after a 95 miles per hour chase ending with his capture in San Francisco. Van Meter was charged with stealing a car parked on Hillside boulevard earlier the same evening.

Flip of Coin Decides Land Division Deal

SETTLEMENT PAVES WAY FOR MCKEON ANNEX TO DALY CITY

Verbal settlement of a partition suit that had blocked final negotiations for Daly City's annexation of the 276-acre McKeon property was reached Monday in Judge Louis B. Demattei superior court.

While attorneys debated the division of land in the adjoining court room, the principals, Thomas Callan Jr. and George McKeon, tossed a coin to resolve the issue involving hundreds of thousands of dollars worth of property. McKeon flipped the coin and won.

The suit involved distribution of the Zanon Estate. Zita Corporation (George and Chris McKeon) own the bulk of the property, but fractional interests in the estate were held by Michael and Thomas Callan Jr. and Henry Doelger.

Under settlement reached between the owners, following reports by court-appointed referees, the Callans were granted 21 acres of residential property along Edgemoor road, while waiving rights to 24 acres of commercial property fronting on Junipero Serra boulevard south of Old San Pedro road.

Under the recommendations in the referees report, the Callans would have received 13 acres of residential land near Edgemoor road and the commercial property on Junipero Serra.

After Callan waived rights to the commercial land, the issue boiled down to whether he would get 21 or 23 residential acres on Edgemoor road and the coin decided the matter.

Doelger did not protest the original referees' report, which allotted him 22 acres of the Zanon land immediately adjoining his present subdivision tract.

Monday's action in distributing the property was by oral agreement, but will be presented to the court as a formal judgment within a week.

The settlement clears the way for McKeon to proceed with annexation to Daly City. Under the joint ownership, the city could not annex the land since difficulty would have been encountered in securing approval of all property owners involved to take over the city's bonded indebtedness.

Broadmoor and environs are not yet ready for annexation by Daly City.

This was the consensus of Daly Councilmen and representatives of Broadmoor, Sterling Park and Garden Village at an exploratory annexation session Wednesday night during which they discussed the many problems inherent in joining the two communities.

City Manager Howard Stites hinted at the end of the discussion that many more facts were needed before presenting the annexation when he said, "I don't think we should call an election unless we think the people will support it."

Stanley Brown, representing Garden Village homeowners, declared, "There's not a chinaman's chance to pass the annexation now the way the people feel that I've talked to. Out of six members on our board, I'm the only one who would even serve on an annexation committee."

"Not Ready" Thomas Noonan of the Sterling Park property owners agreed that, "Right now the people are not ready for an election."

Noonan added, "The people are satisfied down there. If they had conditions like Brisbane they'd probably be up here beating on the door."

"It would be a waste of time and money to hold the election now if the people are against annexation," concurred Mayor Joseph Verducci.

Stites and Verducci agreed that the city's position would be, "Here is what we have to offer." And it appeared that several months of study would be necessary before the city could determine exactly what it did have to offer beyond the benefits already received by the unincorporated areas.

"Don't Need Us" Brown declared, "Daly City doesn't really need us, but we'll look silly being right in the middle (Continued on Page 2)"

McKeon Boundaries Approved; Hearing Slated November 12

Public hearing on the annexation of the 276-acre McKeon subdivision to Daly City was set for November 12 by the city council Monday night.

The 2500-home subdivision, to be known as St. Francis Heights, will swell Daly City's population by about 10,000 persons.

Terms of the annexation agreement have already been approved by the city council.

Boundaries of the proposed annexation were approved by the county boundaries commission last week. Commissioners also approved boundaries for annexation of the McKeon land to the North San Mateo County Sanitation district.

REC COMMISSION AWAITS SELECTION OF NEW DIRECTOR

Selection of a full-time Daly City recreation director is expected to be made within the next few weeks, recreation commissioners reported Tuesday night at their regular meeting.

Frank Ingersoll, temporary director, told commissioners additional advertisement of the vacancy will appear in the next issue of "Western Cities" magazine. Salary for the job ranges from \$481 to \$556.

Attendance for the city's recreation program in August was announced at 21,320, compared to July's figure of 20,396.

Improvement reports show that the softball diamond and backstop at Westlake playground will be completed next week. Workers are ready to proceed with outside landscaping at Parkview playground, and Franklin Park's renovation will be completed next week when paving is finished.

Commissioners will hold a special meeting next Thursday night to discuss revision of rental policies on the city's recreation buildings.

THIEVES TAKE \$400 WORTH OF LUMBER

Theft of \$400 worth of lumber from the Benjamin Franklin school site was discovered Thursday morning, according to Broadmoor police.

Chief Ray Savage said that the load of lumber, approximately 4000 feet of one by fours, was apparently taken sometime over the weekend. Officers were checking nearby residents today in an attempt to find whether unusual activity had been observed over the weekend.

Discovery of the theft was made by Fred Johnstone, foreman for E. H. Moore and Sons.

D C Housewife Again Chats Over Phone

A Daly City housewife was again chatting over the telephone this week following an order by the public utilities commission that the instrument be temporarily installed pending a hearing.

According to Mrs. Georgette Perez of 854 Templeton avenue, the Pacific Telephone and Telegraph company yanked the phone on September 4 after her husband Sal admitted to internal revenue agents that he placed occasional bets with a bookie.

In a petition to the PUC, Mrs. Perez claimed that her husband had used the phone of his employer, the Southern Pacific railroad, or a public phone.

Bright new idea from P. G. & E...

Redecorate your living room with light!

The trick is balanced lighting: Flood your living room with soft, diffused light — enough light to cheer up gloomy corners, brighten colors, bring out the rich textures of lovely fabrics. Balanced lighting helps you look your loveliest, too!

Three steps to balanced lighting:

1. Count your lamps—have you enough? It takes 5 lamps to light the average living room (250 square

feet). A single lamp lights just 50 square feet.

2. Check bulb sizes. Table lamps should have one or more bulbs totalling 150 watts; floor lamps should have bulbs totalling 300 watts.

3. Now comes the fun. Move lamps around till soft, diffused light fills room evenly... without harsh glare or shadows. Then sit back and enjoy it!

FREE!

30-page booklet gives full home lighting story! Free booklet contains 22 tested lighting recipes for better, brighter living in all the rooms of your home. Write, phone or drop by your nearest P. G. & E. office for "See your home in a new light."

al, Vickers' position on the appointive board was filled by Councilman Michael De Bernardi.

Gives 2-1 Edge

This gives the council two members on the three-man sanitation board, De Bernardi and Del Wilson, who are expected to act favorably on the terms of the McKeon annexation to the sanitation district. Third member is Supervisor Thomas Callan, who had sided with Vickers in fighting the annexation agreement, mainly over the issue of a \$40,000 trunk line, which Callan and Vickers maintained should be paid for by McKeon, not the district.

Early in the tumultuous session, Vickers charged that the council was "doing the impossible." He said, "We definitely should know the facts. How can you go ahead without them?"

Verducci countered that, "Again I say this is a delaying action. We have an approximate idea of the costs of the trunk line and we feel the \$25 annexation fee charges will take care of it."

Railroading

"I'm not using delaying tactics and I resent that," snapped Vickers. "What is the hurry on this annexation? I think other councils have neglected to look into annexations thoroughly enough. I can't see your railroading this."

Hupf said the matter had been "thoroughly explored. The desire for more information does nothing but delay this."

Vickers questioned Hupf. "If you've made a full investigation, then I'd like to know what you know that we don't. I think I'm protecting the people of Daly City."

In other action Monday night, the council:

1. Scheduled meeting October 3 with Silva's Ambulance Service to discuss that company's proposal to provide municipal ambulance service at no charge.

2. Approved recommendation of planning commission to grant use permit to W. F. Petersen Co. for construction of a super market in the old Daly City Theater building.

3. Approved Westlake unit 3-B, comprising five homes, as recommended by the planning commission.

4. Referred to the city attorney claim of Albert P. Brush for damage allegedly done his home at 101 Los Banos when the city fire department destroyed the remains of the James Walton home at 108 Knowles avenue.

5. Decided that the city should reproduce extra copies of ordinances that are in demand by citizens and builders and provide them free.

Broadmoor 'Not Ready' For Annex'n.

of a big circle when the McKeon lands are annexed."

Jack Baker of the Broadmoor Property Owners association said that his community's attitude to annexation right now was "apathetic."

Verducci proposed that Stites and the engineer's office conduct the cost survey, along with the council as a committee of the whole.

Brown reminded the group that, "You'll have that old group down in Colma fighting this," while Noonan said, "You've got to watch Callan (Supervisor Thomas). He'll put \$50,000 in to fight this if he gets mad."

"That's what I'm afraid of," agreed Verducci.

Provision of water for the unincorporated areas was cited as one of the chief problems in annexation. Three methods were discussed: 1. Let California Water Service continue serving the area. 2. Have Daly City take over the system. 3. Sell Daly City water to California Water Service and let the latter distribute it.

Other Topics

Other topics expected to require extensive study will be drainage, streets, police, fire and bonded indebtedness.

Stites maintained that although the unincorporated area would be taking over some \$498,000 in Daly City bonded indebtedness, they would realize new assets that would more than offset the bond repayment.

On the touchy topic of eliminating the popular Broadmoor police department annexation, Stites said that although the Broadmoor police were doing a good job, "We have to maintain a higher standard of service."

Councilmen agreed, however, that all qualified members of the Broadmoor department would be absorbed into the Daly City police system.

The ties will be spliced in June.

Members of the DC Scavenger Co. we hear, were informed by Supervisor THOMAS CALLAN a week in advance of the planning commission hearing that they definitely would not get permit to operate the Linda Mar dump. The prediction was so right... unanimously.

Councilmen DEL WILSON and MICHAEL DE BERNARDI exchanged unpleasanties last week over Wilson's recommending of Councilman SANFORD VICKERS for chairmanship of the sanitation board, only a week after Wilson had voted to remove Vickers from the board.

As an aside, Vickers, now that he has been ousted from the sewage post, will probably resign from the council's annexation committee.

WILLIAM CROMAN, trustee on the Coastside's Laguna Salada School district, suggested Monday night that the Coastside Scavengers investigate possibility of using the Mussel Rock area as a dump site.

Since Daly City had originally planned to use this area for garbage disposal, they annexed the land.

Which means the shoe will be on the other foot. Coastside residents will be petitioning the county planning commission to allow location of their dump in Daly City, instead of bombarding the county with opposition to Daly City's dump being located in Linda Mar, which was turned down by the county planners last week.

According to the U. S. Marine Corps Reserves news release, they have re-enlisted a Daly City man who is a "real Marine."

He is JOHN D. MARINE JR. of 70 Oaklawn drive.

Sgt. Marine first joined the corps in April 1948, serving with the first Marine division in Korea from Sept. 1950, through November, 1951, and participated in five major combat engagements against communist forces.

A WARM WELCOME FOR SCOUTING

Next Friday and Saturday, October 5 and 6, some 400 Boy Scouts will converge on Park Plaza drive near the Westlake Shopping Center in Daly City for an overnight camporee and Scout show.

Never before have so many people been given the opportunity to witness the Boy Scout program in action.

The camporee is nothing new to Scouting, but it'll be new to the hundreds of nearby residents who'll be able to see the activity first hand. Normally Scout outings of this type are held in more remote areas, making it difficult for parents to visit the youngsters in their outdoors encampment.

Many parents have no idea what their sons are doing in the Cub or Boy Scout program.

At this camp-out and show, the community will be able to observe boys working and playing in a "live" setting—getting almost the same type of experience they would be realizing at some wooded camp in the wilderness.

Camping out won't be the only feature of next week's Scout show. The boys will demonstrate hundreds of Scout skills and will set up booths to help promote many worthwhile Scout projects, such as Fire Prevention Week, United Crusade, et al.

Sponsored by the Lake Merced Scout district, this is the first activity of its kind ever to be held in Daly City.

We know the Scouts will enjoy it. We hope Daly City extends Scouting a warm greeting.

Something For Everyone

By The Staff of the Daly City Public Library

Have all the spare cash you can use? Few of us do. However, you can get that extra income for personal or family needs if you're willing to use your brain and some of your after-work hours to turn your interests and abilities into channels that pay off.

Many of the books at Daly City Public Library suggest part-time small businesses that can be undertaken with little space and capital. Other books offer valuable information to those who have not yet decided on a vocation, or are thinking of changing their lines of endeavor.

One of the most common ways for girls and women to earn extra money is baby-sitting. This was once regarded as an unskilled occupation, requiring little or no thought or preparation. However, times have changed, as Marion Lowndes' A MANUAL FOR BABY SITTERS points out. Even those who have been "sitting" for years will find splendid new ideas in this volume.

Frequently handicrafts and other hobbies can be turned into cash. Excellent advice is given by Eugene Hanson in HOW TO MAKE MONEY IN PHOTOGRAPHY. Helen Clegg's JEWELRY MAKING FOR FUN AND PROFIT tells how to capitalize on another popular hobby, MAKE IT AND MAKE IT PAY, by Catherine Roberts, offers many suggestions to those who wish to sell their products. DO IT YOURSELF WITH ALUMINUM: 125 PROJECTS, by G. W. Birdsall, also has valuable ideas for the home craftsman.

Young people who have not yet decided on life work will be interested in consulting some, if not all, of the following titles: HANDBOOK OF JOB FACTS, by A. H. Frankel; I FIND MY VOCATION, by Harry Dexter Kitson; SELECTING AN OCCUPATION, by Charles A. Prosser and Calvin S. Sifferd; YOUR PLANS FOR THE FUTURE, by Mary Ford Detjen and Ervin Winfred Detjen; GUIDE TO CAREER SUCCESS, by E. E. Brooke; YOUR JOB, by Fritz Kaufmann; VOCATIONS FOR BOYS, by Harry Dexter Kitson and Edgar Morgan Stover; and FOR IMMEDIATE RELEASE, by Adrian A. Paradis, which is about career opportunity in publicity and public relations.

Those thinking of changing jobs will want to read Father James Keller's CAREERS THAT CHANGE YOUR WORLD.

Extra income is not always restricted to personal needs. Helen K. Knowles' MAKING MONEY FOR YOUR CHURCH, LIBRARY, HOSPITAL, SOCIAL OR WELFARE ORGANIZATIONS is an excellent handbook for all who are

Two For Tonight

By Leonore Brewer

Using Irving Stone's "Lust for Life," a somewhat romanticized biography of the post impressionist Dutch painter Vincent Van Gogh, M-G-M have turned out a finely made film of the same name currently playing at the Stage Door.

It is what is commonly referred to as a prestige picture, something a big studio turns out periodically to show that it hasn't entirely sold its soul to commercialism. It satisfies the creative instincts of those involved in it and it gladdens the hearts of those who feel that the word art in film isn't necessarily synonymous with European productions. About the only people it doesn't please are the stockholders at the annual meeting.

"Lust for Life" paints the picture of a man who was a failure at everything until, approaching thirty, he turned to painting with the same violence and intensity he brought to living. Even in this he was a failure, if you judge success in commercial terms, as out of some 800 works created in a ten-year period, he sold one. Finally, at the age of 37, plagued by recurrent attacks of madness, he took his own life.

Startling Resemblance
Kirk Douglas' resemblance to Van Gogh is startling, and he turns in a forceful performance as the man whose only wish was "to be of use, to work and to bring something to the world."

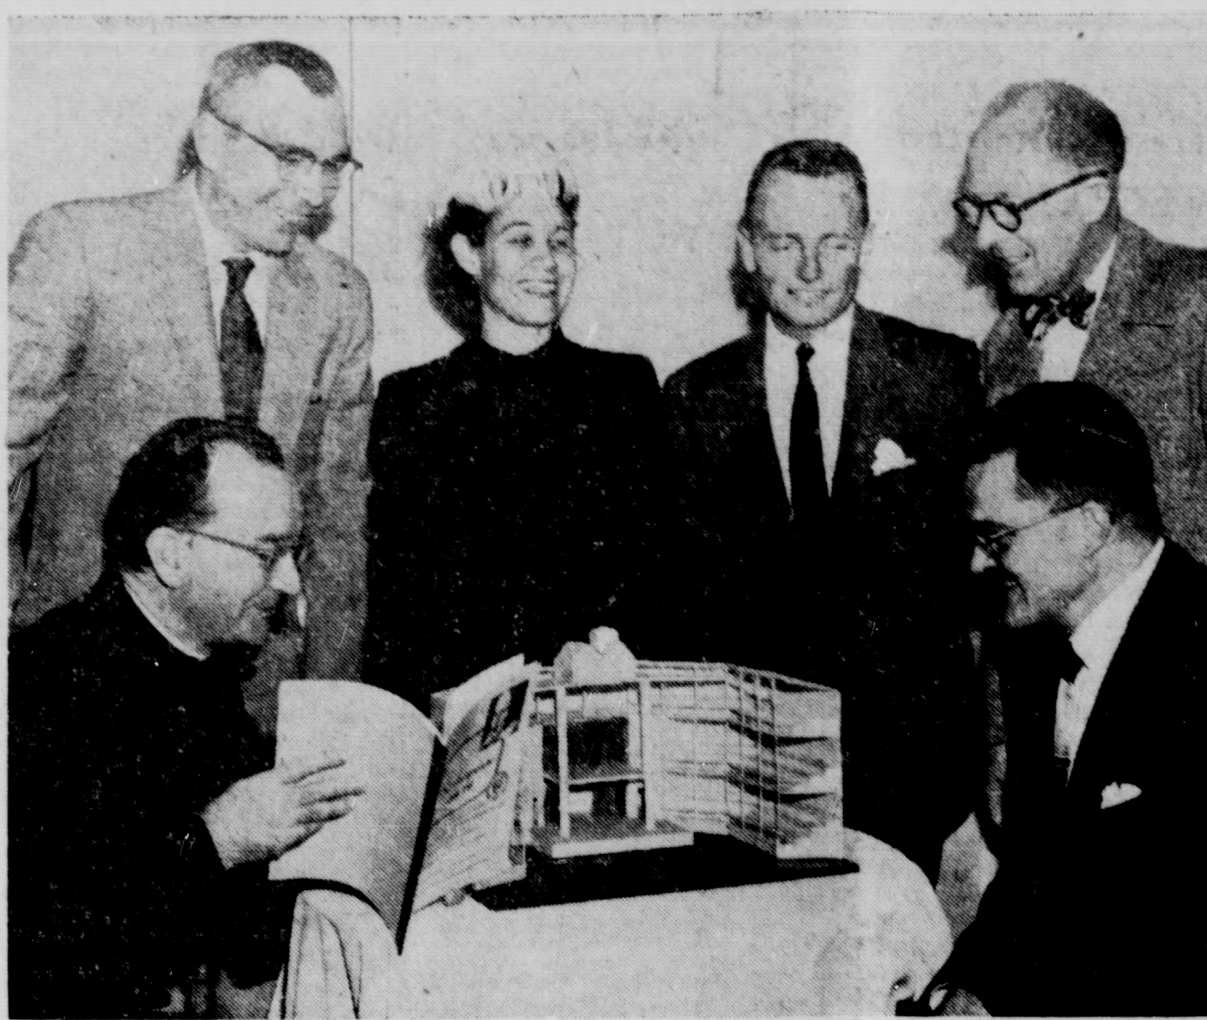

To his parents and most of his relatives, Vincent was never anything but a troublesome child, but his brother Theo had faith in him, tried to interest the art world in his work and gave him financial support. James Donald is almost too noble in this role and is so colorless that after you have left the theater, it's difficult to remember what he looks like.

There's nothing colorless about Anthony Quinn's portrayal of Gauguin. When his lily soul tries for a while to share Vincent's house, the clashes of artistic temperament are as violent as the colors on their canvases.

Brilliant Color
Pamela Brown portrays Christine, a laundress of doubtful morals whom Van Gogh tries to help. She is a peculiar choice for this role and never seems quite credible.

400 SCOUTS COMPLETE PLANS FOR HUGE CAMPOREE AT W'LAKE CENTER

Plans have been completed for the first public camp-out of the Lake Merced district Boy Scouts ever held in the area.

According to Roy Elvin, camporee director, nearly 400 Boy Scouts and their leaders will participate in the outing and competition October 5 and 6 at Westlake Shopping Center. More than 50

troops from the Lake Merced district are scheduled to move into the area adjacent to the Bank of America building for an overnight camp-out Friday evening.

Simulating actual conditions under which the Scouts operate in the woods, the group will prepare meals, have entertainment and sleep out at Westlake Shopping Center over the two days. The public has been extended an invitation to view "Scouting in Action" both days, and many troops are making plans for individual displays of interest to the general public.

Howard Stites, assistant director for the camporee, said yesterday particular emphasis will be put on the United Crusade drive and Explorer troops will focus on civilian defense. Both phases of Scouting will have extensive displays and demonstrations for the public during the session Saturday.

Scout troops will be judged on a series of inspections, with awards to be made to the winning patrols. Special events have been planned to make the show as interesting as possible to parents and friends.

Friday night, a public campfire program is being arranged with entertainment. The program is slated to get under way at 8:30, with both Scout and professional entertainment features.

Saturday, the Scouts will go through the entire camporee slate, with reveille at 7 a.m. Breakfast will follow and the color ceremony will be held at 9 o'clock. At 10 a.m., it was announced, demonstrations by units in the field will be held with the program to end at 11 a.m. when the Scouts will prepare for their noon meal. Demonstrations follow again at 1 p.m., with retreat slated for 4:45. Another campfire with awards ceremonies will be held at 7:30 Saturday night.

Elvin emphasized the Scouts will prepare their meals both Friday evening and Saturday over open fires as done on outdoor camp-outs during the regular season. All demonstrations and activities have

Elect Hugh Smith To Head Chamber

Hugh Smith Jr. was elected new president of the Daly City Chamber of Commerce last week in the annual election of officers and board members at Lake Merced Country club.

Smith succeeds Jack Kendree as head of the group. Postmaster Vincent P. Murphy was chosen new vice president and Bill Sweeney was named treasurer.

Re-elected as directors were John Newton, Colma Florist, and Parks Harris, manager of the First Western Bank in Westlake. New board members chosen were insurance man Fred Martin and Edward D. Morgan, Jefferson Union High School District superintendent.

Fire Chief Elmer Kennedy and Captain Frank Specht outlined plans for Fire Prevention Week following the election of officials.

JEFF HI STUDIES INSTALLATION OF RADIOS IN BUSES

Possibility of installing radios in Jefferson Union High school district buses is now under investigation by school administrators.

Superintendent Edward Morgan explained at Monday night's board meeting that the proposed short wave system would benefit in cases of unruly or ill students and bus breakdowns.

Certain situations might arise when the bus driver would need immediate aid on a back road, Morgan said. He added that rules prohibit the driver leaving the bus or sending one of the students for help.

Two solutions were being investigated this week—rental of Pacific Telephone and Telegraph equipment and contracting with the Daly City police or sheriff's office for service.

Police Chief Roland Petrocchi said today, however, that the Daly City system does not have reception from the coast. He explained that a costly relay station would need to be constructed before putting the plan into operation.

On September 8 the GIULIO BOERIS of First avenue welcomed their first daughter and second addition to the family. ANNE MARIE is the name selected for the new arrival, who made her debut at St. Joseph's, and tipped the scales at seven pounds, four ounces. The role of a "big" brother is being enjoyed by STEPHEN JOHN, 16 months. Grandparents are Mr. and Mrs. G. Boeri and Mrs. Walter Griffin of San Francisco, with great-grandparents residing in Italy.

STATE TO WIDEN EL CAMINO HIWAY

Widening of El Camino Real from Millbrae to Colma and the urging of San Bruno and Millbrae to resolve their differences on the extension of uJnpero Serra boulevard were the major points discussed at the first Mayors Legislative council called at the San Bruno City Hall last week by Assemblyman Louis Francis.

Francis told the mayors that under present plans the state expects to complete the widening of El Camino Real in five years. The stretch from Third avenue in San Mateo already has been approved for construction. Next the state will start at the widened portion in Millbrae and work north to Colma, making it a six-lane highway.

Mayor James V. Fitzgerald Jr. of San Bruno said he would call a meeting with Millbrae leaders in an attempt to reach agreement in the long-standing dispute.

CITY OFFICIALS FIRM PLANS FOR UNITED CRUSADE

City heads of Daly City-Colma met last week for a luncheon at Colonial Restaurant in Colma, arranged by Howard I. Stites, United Crusade's City Chairman for the Daly City-Colma area.

The meeting, attended by leaders from several city departments, was called to consolidate plans of Stites' committee members for the most effective method of enlisting the support of city employees for the United Crusade's campaign for funds next month. According to Stites, city department heads will attempt to sign all employees on the plan of having payroll deductions made to the United Crusade. He further reported that this convenient means of giving, which was employed during last year's drive, resulted in almost 100 per cent participation among city employees.

Although goals for San Mateo county which solicitors are aiming for have been raised an overall 16 per cent above last year to meet the increased needs for community welfare services, Stites and his committee feel confident that through the combined efforts of each city department, they will reach the Daly City-Colma quota.

With practically 100 per cent of his solicitor teams recruited and already at work, Stites said of hopes to have about 20 per cent of the solicitation completed by campaign kick-off time next month.

In addition to Stites, others who spoke at the meeting in behalf of city employees' support to the United Crusade were: Lt. Roy Beecher, Police Department, chairman of the meeting; C. F. Weiler, Director of Public Works; Fire Chief J. E. Kennedy and Police Chief Roland A. Petrocchi. Representing the United Crusade was Robert N. H. Catlow, Public Relations Director, who outlined campaign plans to the group and answered questions on the Crusade.

PG&E OPENS NEW \$365,000 SERVICE CENTER IN COLMA NEXT WEDNESDAY

A large new service center will be opened at Colma next Wednesday afternoon by Pacific Gas and Electric Company as headquarters for its Northern San Mateo county service operations. Built at a cost of \$365,000, the facility includes an administration building, warehouse and automotive center.

All service, maintenance, planning and construction necessary to provide gas and electricity for nearly 40,000 customers will be directed from the new center. The district is part of the San Francisco Division and extends from the southern boundary of Millbrae north to the San Mateo-San Francisco county line.

Requests for new service or emergency gas and electric calls from the communities of Daly City, Millbrae, South San Francisco, Sharp Park and surrounding territory will be handled swiftly by dispatchers at Colma. Radio telephones will speed crews on service requests.

District Manager Lee Brillhart said that 136 employees will work out of the Colma center. It brings

an annual payroll of more than \$850,000 to the area.

The center is located at 425 Edgemar road and occupies five acres.

Harry A. Lee, San Francisco division manager, will welcome civic officials and businessmen of the area to a special inspection Wednesday. An open house for regional PG&E employees will be held on Sunday, October 7.

The functions to be performed at Colma were previously handled from PG&E's San Francisco Division center at 18th and Shortwell streets. Increased and more flexible local service will result from the move, Brillhart pointed out.

"Northern San Mateo county with its numerous housing developments is one of the fastest growing areas in California," Brillhart said. "PG&E has consistently remained ahead of this growth by having gas and electrical services ready for each new home or business enterprise. The Colma Service Center is a significant part of our efforts to grow with San Mateo county."

JEFF FROSH-SOPHS SCRIMMAGE LINCOLN IN WARMUP BATTLE

With their PAL opener only a week away, Jefferson's frosh-soph gridmen will attempt to sharpen their attack tomorrow in a scrimmage session against Lincoln in San Jose.

Bob Watt's 50-man squad has completed three weeks of practice and competition is heavy for starting duty. Top battle at present is between Ed Lewkowicz and Roger Stahl for the quarterback slot.

Leading backfield threats are halfback Jim Ahern and fullback Jerry Kennedy. Linemen impressing thus far are tackle Bill Dixon and ends Pete Garcia and Bob Nielson.

The locals open league play next Thursday at 3 p.m. against Burlingame.

HILLTOP TAVERN RAIDED BY THIEVES

Thieves broke into the Hilltop Lodge, 22 Hillcrest drive, last weekend and made off with several packages of cigarettes and small change from a cigarette machine.

Tavern owner George Kirchhubel, who reported the loss Tuesday, said the culprits entered the establishment by breaking the padlock on the front door. They failed to open the tavern's safe although they removed its hinge pins.

Besides breaking the cigarette machine the intruders emptied drawers throughout the building.

Westmoor Hi Wall Passes 2nd Test

Fears that one entire wall of Westmoor High school might have to be torn down were ended this week with the announcement from Sacramento that the wall has passed state inspection.

First crushing test on the concrete poured between the hollow brick columns provided negative results, thus creating the possibility that the wall might have to be rebuilt.

Edward Morgan, Jefferson Union's High school district superintendent, cited doubling of requirements as the reason for the early failure.

Even if the wall had continued to be shown sub-standard, contractor Theo Meyer & Sons and not the district would have been liable.

Westmoor Eleven Battles Sunnyvale

Creighton's Kids (Sponsor Wanted) Sweep Two More

Unopposed but unbowed, Lowell Creighton's Daly City Boys Club stayed on the winning trail last weekend by copping a pair of games by one-run margins.

The Creighton troops edged Podesta Nursery Saturday, 5-4, in the Mid-Winter League, and outlasted the Johnny Shell Juniors, 7-6, the next day in the Sunday loop.

The Boys Club wrapped up Saturday's tilt with a four-run outburst in the top of the eighth inning to break a 1-1 tie. Tom McHugh's double and Billy Hix' single scoring two runners featured the rally.

Podesta rallied for three runs in the bottom of the frame off Billy Ludwigen and Christman but fell one tally shy of deadlocking the score a second time.

An error by catcher Welch paved the way for the Sunday victory in the bottom of the seventh inning. With the count knotted at 6-all, Christman lead off with an infield single. McHugh moved him along by getting on via an infield error and Mike Kennedy sacrificed both runners to third. Christman then came in with the winning run when the backstopper dropped a pitch from Don Kunkle.

The Creightons meet the Shell horseshiders again Saturday in an 11 o'clock engagement at West Sunset playground.

Inexperienced but eager, Dutch Meyer's Westmoor Rams invade Sunnyvale Friday afternoon to launch their first football campaign with an exhibition game starting at 3 o'clock.

Meyer, former South City grid aide, is satisfied with the progress of his young squad, but is anxious to see how they'll react under fire.

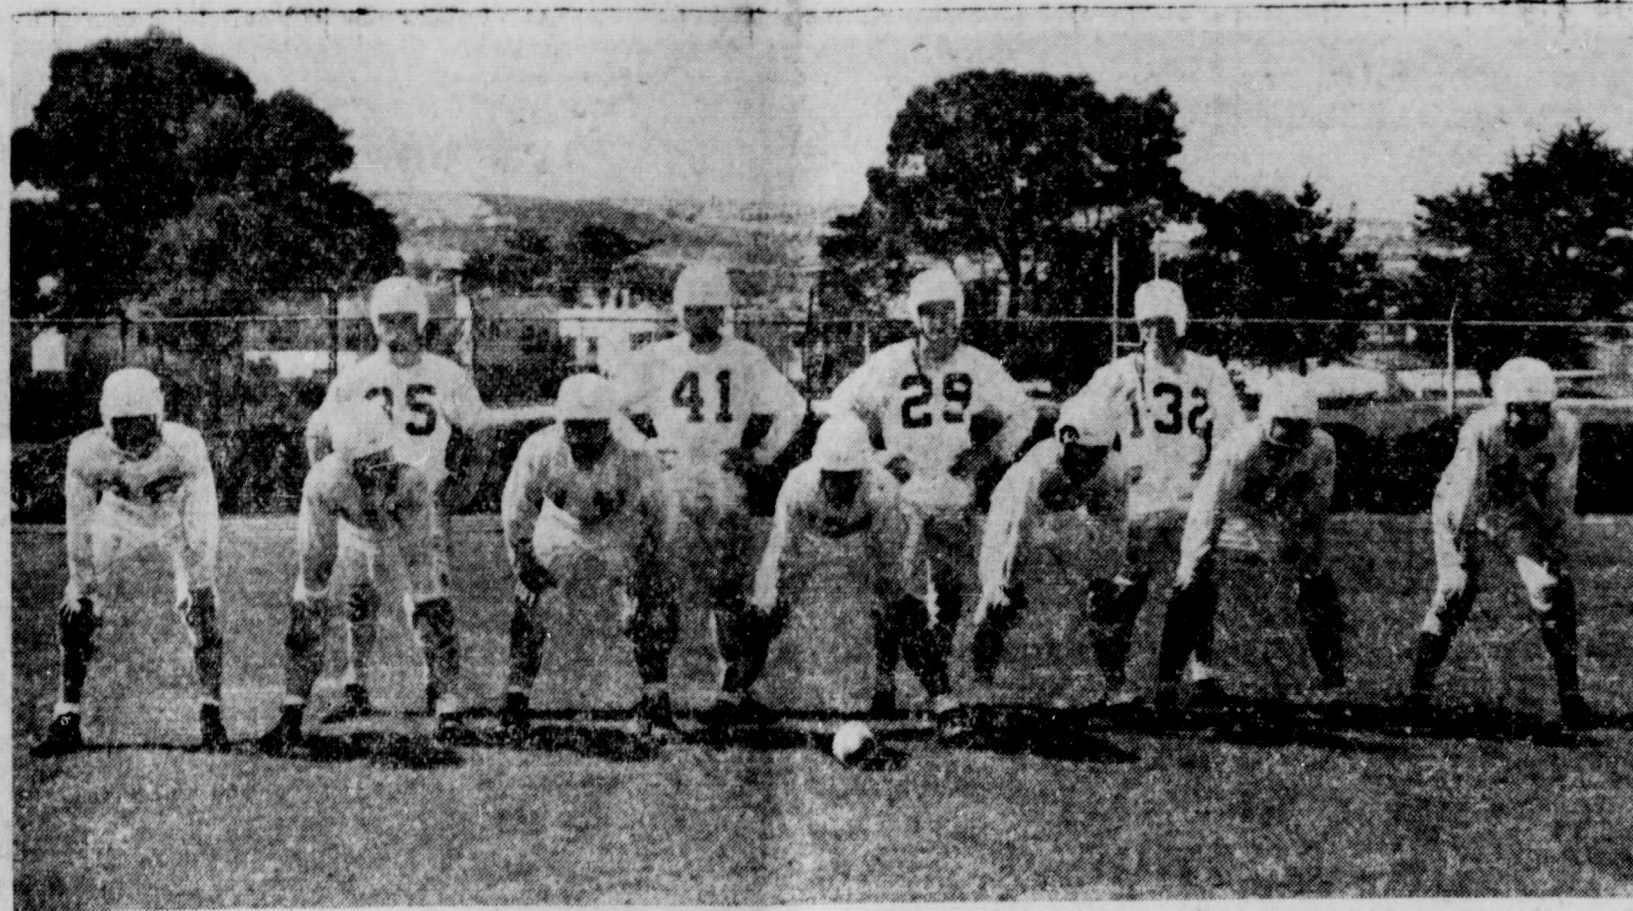

Tentative starting lineup for the locals is a line averaging only 172 pounds and a backfield foursome averaging 157 pounds per man. Meyer's offensive will be directed by Dave Simons, a 155-pound quarterback, who has proven extremely agile in drills. Gary Pederson, 160, gets the call as starting fullback, and the half-backs will be Bob Roller, 156, and either Fred Fanthorpe, 160, or Leo Wyreck, 140.

Up front, the Rams will have Larry Harper, 155, and Larry Schoenfeldt, 190, at ends; Tom Mays, 180, and Bob Simi, 190, at tackles; Paul Giomi, 160, and Cliff Cushing, 155, at guards, and Marty Knedel, a tough 180-pounder, at center.

Meyer this week added another opponent to Westmoor's seven game schedule. The Rams will meet the Riondan High JV's on Friday, November 2.

Other games on the Westmoor slate are Jefferson, Oct. 10; Cubberley, Oct. 19; South City, Oct. 24; Los Altos, Nov. 9; and Cubberley again, Nov. 21.

Depth Frets Coach As Beefy Jeff Eyes Debut

"Our first team should hold its own against any team in the league, but I'm a little worried about reserve strength."

This was the capsule sizeup this week by Jefferson Coach Joe McGrath as his Indians await their season opener next Friday afternoon at Burlingame.

McGrath's concern deepened Tuesday when two of his top grid-ders, guard Rich Duncan and reserve back Tony Tapia came up with knee injuries following a scrimmage session with Balboa. Lou Arrighi, a durable 195-pounder, has been moved up to a starting guard slot replacing Duncan, a 155 stand-out.

Biggest reason Jefferson is rated a title threat in the northern division of the PAL along with Capuchino and Burlingame is the beefy Indian line. McGrath's starting forwards average 206 pounds per man, the heaviest in the two-division league.

Heading the cast are tackle Jim Farley, 6-4 and 245, and veteran end Tom Cloutier, 6-4 and 215. Farley's tackle partner is George McNutt, 6-2 and 203, and Cloutier's pass-snagging counterpart is Steve Canty, 6-2 and 197.

Guards are Bill Riedstra, 182, and Arrighi, while Ron Moon, a

quick 205-pounder, will open at center.

Jefferson's backfield will be directed by quarterback Ed Leveroni, 165, who McGrath considers a fine runner and a capable passer under the split T attack. His top understudy is Dan Miceli, who also has shown considerable improvement.

Speedsters Dave Callaway, 172, and Sonny Martinez, 160, will start at halfbacks. Returning first stringer Lee Casentini, a booming 180-pounder, will handle fullback chores.

McGrath made one change in his defensive alignment this week by moving Callaway to an outside linebacking slot. He also praised the work of tackle Boyd Hillyer, who is pressing for starting duty.

Northern division members this year include Burlingame, Capuchino, San Mateo, South City, Carlmont and Hillsdale. Palo Alto is considered the team to beat in the southern division which consists of Lincoln, Willow Glen, Sequoia, Menlo-Atherton and San Jose.

Gators Drop Debut, Face Nevada Next

Dumped 25-7 by Cal Poly last week in their first start, Joe Verducci's San Francisco State footballers move to Reno Saturday to gamble against the University of Nevada Wolfpack.

Cal Poly scored on the very first play from scrimmage and coasted to victory after piling up a 19-0 halftime lead.

State's face-saving tally came with a minute remaining in the contest as Quarterback Manuel Perry ramblled 61 yards on a quarterback sneak play.

Jeff Hi Pool Opens To Public Monday

It's swim time again at Jefferson High school.

The pool opens to the public Monday night and will remain open week nights through Friday from 7:30 to 9:20 o'clock, and Saturdays, 2 to 4 o'clock.

WHAT'S DOING

Thomas R. Gilbert, your Telephone Manager in Daly City

"Teletrainers" teach best phone use

Any day now that high school youngster of yours might surprise you with some good tips on how to use the telephone. He'll get his ideas at school from telephone equipment called a "Teletrainer." It's a device that was created by telephone people especially for high school teachers and pupils. It teaches the students how to develop a good telephone personality, how to use a telephone directory and how best to place out-of-town calls. Above all, it teaches good telephone habits, the kind of habits that help everybody get better service from their telephones. The men and women of Pacific Telephone work to make your telephone more useful every day.

Color phones will dress up your home

When you're dressing up, color's important. You want your shoes, hat, dress or suit to complement perfectly. When you're dressing up your home, color's important, too. That's why additional phones in color fit right in. They come in eight exciting shades—red, yellow, green, blue, brown, beige, gray and ivory—as well as "two-tone" combinations. The cost? Only \$1.00 a month for each additional phone after a single installation charge. Why not call us right now and ask about adding phones in color?

Largest Telephone Network

The west's largest private telephone network installation job was finished September 6, 1956. Completion of this project—one of the largest of its kind ever engineered for any customer of our company—was marked by an informal ceremony attended by Telephone Executive Vice President R. E. Hambrook, Vice President and General Manager E. D. Maloney and D. J. Russell, president of Southern Pacific.

The seven-state intercity dialing system, installed for Southern Pacific, actually started operating September 14.

This vast network provides intercity dialing, utilizing the SP's wire facilities, to railroad installations as far away as Portland, Ogden, and El Paso, Texas.

The new system was installed at Southern Pacific's main offices in San Francisco and branch operations in Oakland and Los Angeles. Most of the phone equipment was installed at the railroad's headquarters building at 65 Market Street, S. F., and in Southern Pacific's offices in the Pacific Electric Building in Los Angeles. Additional equipment was placed at the Third and Townsend Street Depot and at Seventh and Bay Streets in Oakland.

The modern switchboard has 81 long-distance Southern Pacific telephone carrier lines leading from the San Francisco headquarters to major railroad offices. The wiring connections—about 400,000—at SP's general offices at Third and Townsend in San Francisco, Oakland and Los Angeles, is described as being adequate to handle all calls in a community of about 25,000 people.
